(<http://textmechanic.com/text-tools/basic-text-tools/remove-empty-lines/>)

Remove/delete all

What I'm Working On

Woo-hoo! Almost done with some new tools I've been working on. Just touching them up and will roll out soon.

duplicate lines within
your text/list.

empty lines within
your text/list.

**Remove Extra
Spaces
(<http://textmechanic.com/text-tools/basic-text-tools/remove-extra-spaces/>)**

Remove
leading/trailing
/extra/all white-
spaces from your
text.

Latest From The Blog

The Results are Officially In – 3 New Tools That Need Your Vote (<http://textmechanic.com/new-tools-voting/>)

In the past few weeks, I’ve had a chance to go through all the survey responses that I’ve gotten from everyone (thank you again by the way) and have started narrowing down what the next set of tools should be.

Hi, I’m Mike. I’m Unemployed and I Live With My Parents. (<http://textmechanic.com/hi/>)

Okay – I don’t really live with my parents, but as of November 29th, I am officially unemployed (more on that in a minute).
