FCN中infer.py测试bug

我在用FCN跑自己数据，infer.py测试的时候遇到了这个bug,请各位大神帮忙解答，不胜感激！

```
zjp@FT72-B7015: ~/soft/caffe/fcn.berkeleyvision.org-master
n.
I0629 15:14:14.937942 28363 net.cpp:219] relu1_2 does not need backward computation.

请问bug在哪里？你的截图里好想没有错误？只是省略了loss层。

我运行python infer.py之后就出现这个，图上面啥都没有。。。还有，deploy.prototxt文件里不是不能有loss层吗？我把loss层去掉了http://blog.csdn.net/sunshine_in_moon/article/details/49472901

@Zellar209 (<http://caffecn.cn/?people/Zellar209>):你用的deploy.prototxt文件是这个吗？https://github.com/shelhamer/fc8s_deploy.prototxt (https://github.com/shelhamer/fc8s_deploy.prototxt)

Zellar209 (<http://caffecn.cn/?people/Zellar209>)

Reading dangerously protobuf WARNING... 是个warning，loss层有呢，不知道怎么回事

JessiePan (<http://caffecn.cn/?people/JessiePan>)

最近在搞FCN，用已有的模型做测试该怎么实现呢？
